PROCONS
ACADEMY

About **Procons Academy**

With a decade of service excellence in consultancy and professional training, in multiple global regions, Pro Consultancy International (Pvt) Ltd. which is well known as Procons International has identified the importance of following the global best practices in overall management applications and training.

In this context, we have continuously improved our professional training division of the company by introducing modern programmes and qualified resources. Therefore, as a strategic approach, we have launched PROCONS ACADEMY project with the intention to become one of the globally recognized professional training providers. We follow both virtual and physical training delivery methods. Our Digital Learning Platform facilitates students with novel online learning experience. Our overseas collaborator Procons Infotech Pty Ltd., Australia, is our global marketing and development arm.

Our qualifications and the recommendations of the participants prove that Procons Academy as one of the best organizations in professional training.

Furthermore, we are an **Authorized Training Partner of the Project Management Institute (PMI) – USA**, which is the world's leading professional organization for a growing community of millions of project professionals and changemakers worldwide.

What

What is Project Management Institute (PMI) ?

The Project Management Institute (PMI) is a globally recognized nonprofit organization that focuses on advancing the field of project management. Through various certifications, resources, and networking opportunities, PMI aims to equip professionals with the skills and knowledge needed to effectively initiate, plan, execute, monitor, and close projects. Its standards and best practices are widely utilized across industries to enhance project success and ensure efficient project delivery.

"Procons Academy is an Authorized Training Partner of PMI-USA". What does it mean ?

Being an Authorized Training Partner of PMI-USA, Procons Academy holds official recognition from the Project Management Institute in the United States. This partnership signifies that Procons Academy is endorsed to provide training and education aligned with PMI's standards, enabling individuals to pursue PMI certifications and enhance their project management skills with globally acknowledged credibility.

Why

Why Choose Procons Academy Courses?

- Our courses hold the prestigious endorsement of PMI-USA, ensuring that your certificates are globally recognized and respected within the industry.
- Designed to bridge knowledge gaps and fulfill industry needs, our courses provide practical insights and skills directly applicable to real-world scenarios.
- A Procons certificate is more than a qualification; it's an asset that can propel your professional growth by attesting to your expertise and commitment to excellence.
- As the sole authorized training partner of PMI-USA in Sri Lanka, we offer unparalleled access to world-class project management education.
- With our cutting-edge LMS, you gain convenient access to resources, materials, and a seamless learning experience, empowering you to excel in your studies.
- Our team of highly qualified and experienced instructors brings real-world insights into the classroom, enriching your learning journey with practical knowledge.

Our Team

Our lecturers and instructors bring a wealth of real-world knowledge and practical insights to the table. They possess extensive industry experience, having worked on a diverse range of projects and initiatives. Their backgrounds encompass various sectors, ensuring that you receive a well-rounded perspective that transcends traditional classroom learning.
